

COVID-19 Health and Safety Measures

Updated November 12, 2020

Vanleena Dance Academy has implemented the following policies to help our dancers, parents, instructors, and staff stay healthy and safe.

We will continue to monitor and implement the local, provincial and federal recommendations as they're announced and make changes as necessary. We will take each week, or day to day into consideration as it approaches and keep you updated.

ITEM	POLICIES
Studio Common Areas	Studio common areas will have limited access.
Face Masks	Students are required to wear a mask to enter and exit the facility and in all common areas. Masks during class time is recommended. If physical distancing is not possible, instructors may request students to wear a mask.
Restructured system to separate entrances/exits	Introducing a multi-entry system to reduce congestion. Each studio will have a separate entrance/exit.
Outside Drop off Only	No parents/guardians inside the building. Students will be asked to line up in a designated drop off area 5 minutes before class to enter the building.
Outside Pick up Only	We ask that parents wait in the designated pick up area. Students will line up inside the building in designated spots and be released to parents individually at the end of class.
Dance Bags	Only small bags with dance shoes will be permitted inside. Designated spots for bags will be available inside the studio.
Dance Attire	Students should arrive dressed in dance attire.
Floor Markings to Help Aide in Physical Distancing	We have taped out boxes on the floor to ensure dancers stay in their space and are keeping physical distance between their peers and instructors.

Smaller Class Sizes	We have reduced class size to maximize class space and limit physical togetherness.
Limit Hand Held Prop Usage	We will limit props and equipment that aren't necessary.
Temporarily Reduce Class Times to Allow for Sanitation Between Classes	Class times will be changed temporarily from 1 hour to 50 minutes to allow for sanitation between classes.
Hand Sanitizing Before & After Studio Use	Hand sanitizing before entering and when exiting the studio.
Sanitation Practices	Sanitation of surfaces in between classes and regular deep cleaning of the studio.
Open Windows/Doors	Whenever possible open windows/doors to increase fresh air flow.
Water Fountain	The water fountain will be closed. Students may bring their own water bottle with the following procedures in place. No sharing of water bottles. Designated spot in room for water bottle. No refilling of water bottles
No food in the studio	Dancers should eat outside, in the car or at home before class and should wash their hands before and after eating.
STUDENTS, INSTRUCTORS AND OFFICE STAFF TO STAY HOME IF...	<p>You are experiencing symptoms such as fever, chills, light headed, shortness of breath, sore throat, coughing/sneezing. You have been identified by Public Health as a close contact of someone with COVID-19. You have been directed by Public Health to self-isolate.</p> <p>Anyone living in your household has symptoms of COVID-19 including fever, chills, cough, shortness of breath, sore throat and painful swallowing. Please notify Management if you or anyone in your household is experiencing symptoms, or has recently traveled out of the country. We will make necessary changes and arrangements for your classes.</p> <p>Anyone who has arrived from outside of Canada or BC, or who is a contact of a confirmed COVID-19 case, is required to self-isolate for 14 days and monitor for symptoms.</p>
Mixed In Person/Online Classes	Most classes will be available both in class and through Zoom.
